

Year 6			
English		Mathematics	
In English, we will be writing explanations based on a film clip 'The Hoverbike' and will be extending our explanation writing across subjects with particular links to science and PSHE. We'll be using narrative skills to write in geography, where we will become a raindrop and tell the story of our journey!		Maths this half term will focus on calculation: addition, subtraction, multiplication and division involving decimals and measures problems; calculating percentages, algebra and co-ordinates. We will focus on consolidation of shape and calculating with fractions. There will also be a school-wide STEM week in the last week of the half term.	
Science	Computing	History/ Geography	Art/ Design Technology
The focus of our science studies this half-term will be forces and we will be conducting experiments to investigate this.	Computing this half-term focuses on animation. The children will be creating 3D stop-animations to show the water cycle.	Rivers is the focus of our geographical topic this half term. Children will learn about the main features of rivers, use mapping skills to locate famous rivers around the world and learn about the water cycle.	In Design Technology, the children will be making savoury biscuits! They will research, plan, design, make, eat and evaluate their products.
Physical Education	RE/PSHE	French	Music
Gymnastics – Body shapes, balances and creating sequences. Invasion games – Rugby.	RE will focus on understanding who Christians believe Jesus was, as well as recognising and celebrating what makes us unique and keeps us emotionally and physically healthy. PSHE – How to respect equality and diversity in relationships.	The children will continue to build on their previous learning and develop conversation skills.	Mini musical performance – Music will focus on practising with percussion instruments, rhythm and improvising.
Planned Educational Visits		Supporting your child's learning at home	
Suntrap: Monday 4th February Please remember that a packed lunch will be required for this day and children will need warm, waterproof clothing and footwear.		Homework is given on a Friday and should be returned by the following Wednesday . All children are encouraged to use Mathletics to support and consolidate their learning. Children should be encouraged to read every day out of school, both asking and answering questions about their texts. Homework is important for independent learning and consolidation of concepts taught. All children need to complete tasks on time.
