

Year 6	
English	Mathematics
In English, we will be completing a number of project based units. There will be promotional writing related to the Year 6 Enterprise Fair and end of year production and author studies of Shaun Tan.	Maths this half term will again be largely project based with a particular focus on preparing for the Enterprise Fair. There will be calculations involving cost, purchasing, and profit as well as an analysis of takings following the event.

Science	Computing	History	Art/ DT
In science, we will be continuing learning about light and how we see, including about how light travels, reflect and refracts.	Our computing work this term will primarily be focused around creating an electronic portfolio to record memories of their time spent at Edinburgh.	Our history topic will be Early Islamic Civilisation. Children will learn about the history, great thinkers and geometric art of the time period.	Most of the art and DT work this half term will be linked to the end of Year production including set design and promotional materials.
Physical Education	RE/PSHE	French	Music
Athletics will be the outdoor PE focus this half term and children will also have sessions delivered by Salam Sports.	This half-term we will be focussing on the journey of Life and Death with a particular focus on transition points in life to prepare for the move to secondary school.	The children will continue to build on their previous learning and develop conversation skills.	This half-term we will continue to learn and rehearse songs in preparation for our end of year production .

Important dates	Supporting your child's learning at home
<p>Gilwell Camp 1 – 17th – 19th June Gilwell camp 2 – 19th – 21st June <u>(Final installment for both camps was due on 8th May – please ensure that this is paid for your child to be able to attend)</u> Year 6 Borough Secondary transition day 3rd July End of year production – Shakespeare Rocks - Thursday 11th July Year 6 Disco Friday 12th July 6-8pm</p>	<p>Homework is given on a Friday and should be returned by the following Wednesday. All children are encouraged to use Mathletics and Spellodrome to support and consolidate their learning. Children should be encouraged to read every day out of school, both asking and answering questions about their texts. Homework is important for independent learning and consolidation of concepts taught. This will also help to prepare Year 6 children for the increased expectation for homework in Year 7. All children need to complete tasks on time.</p>
